NOTES TO MARKERS

> **PREAMBLE**
>
> The notes to markers are provided for quality assurance purpose to ensure the following:
>
> (a) Fairness, consistency and reliability in the standard of marking
> (b) Facilitate the moderation of candidates' scripts at the different levels
> (c) Streamline the marking process considering the broad spectrum of the markers across the country
> (d) Implementing appropriate measures in the teaching, learning and assessment of the subject at school/institution of learning.

1 For the marking and moderation purpose, the following colours are recommended:

Marker:	Red
Senior Marker	Green
Deputy Chief Marker	Orange
Chief Marker	Pink
Internal Moderator	Black/Blue
DBE Moderator	Turquoise

2 Candidates' responses must be in full sentences for SECTIONS B and C. However, this would depend on the nature of the question.

3. Comprehensive marking guidelines has been provided but this is by no means exhaustive. Due consideration should be given to an answer that is correct, but:

- Uses a different expression from that which appears in the marking guidelines
- Comes from another source
- Is original
- A different approach is used

NOTE: There is only ONE correct answer in SECTION A.

4. Take note of other relevant answers provided by candidates and allocate marks accordingly. In cases where the answer is unclear or indicates some understanding, part-marks should be awarded, for example, one mark instead of the maximum of two marks.

5. The word 'Sub max' is used to facilitate the allocation of marks within a question or sub-question.

6. The purpose of circling marks (guided by 'max' in the breakdown of marks) on the right-hand side is to ensure consistency and accuracy in the marking of scripts as well as for calculation and moderation purposes.

7. Subtotals to questions must be written in the right-hand margin. Circle the subtotals as indicated by the allocation of marks. This must be guided by 'max' in the marking guideline. Only the total for each question should appear in the left-hand margin next to the appropriate question number.

8. In an indirect question, the theory as well as the response must be relevant and related to the question.

9. Correct numbering of answers to questions or sub-questions is recommended in SECTIONS A and B. However, if the numbering is incorrect, follow the sequence of the candidate's response. Candidates will be penalised if the latter is not clear.

10. No additional credit must be given for repetition of facts. Indicate with an 'R'.

11. The differentiation between 'evaluate' and 'critically evaluate' can be explained as follows:

    11.1 When 'evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. **Positive:** *'The autocratic leadership style provides strong leadership √ which makes new employees feel confident and safe'.√*

    11.2 When 'critically evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance, candidates are also expected to support their responses with more depth, e.g. *'The autocratic leadership style provides strong leadership which makes new employees feel confident and safe, √ as expectations/roles are clearly explained to avoid confusion '.√*

NOTE: 1. The above could apply to 'analyse' as well.

               2. Note the placing of the tick (√) in the allocation of marks.

12. The allocation of marks must be informed by the nature of the question, cognitive verb used, mark allocation in the marking guidelines and the context of each question.

    Cognitive verbs, such as:

    12.1 Advise, name, state, mention, outline, motivate, recommend, suggest, (list not exhaustive) do not usually require much depth in candidates' responses. Therefore, the mark allocation for each statement/answer appears at the end.

    12.2 Describe, explain, discuss, elaborate, compare, distinguish, differentiate, justify, devise, analyse, evaluate, critically evaluate (list not exhaustive) require a greater depth of understanding, application and reasoning. Therefore, the marks must be allocated more objectively to ensure that assessing is conducted according to established norms so that uniformity, consistency and fairness are achieved.

13. Mark only the FIRST answer where candidates offer more than one answer for SECTION B and C questions that require one answer.

14. **SECTION B**

14.1 If for example, FIVE facts are required, mark the candidate's FIRST FIVE responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word 'Cancel'.

NOTE: 1. This only applies to questions where the number of facts is specified.

2. The above also applies to responses in SECTION C (where applicable)

14.2 If two facts are written in one sentence, award the candidate FULL credit. Point
14.1 above still applies.

14.3 If candidates are required to provide their own examples/views, brainstorm this at the marking centre to finalise alternative answers and consult with and consult with the Internal Moderator at the DBE for approval.

14.4 **Use of the cognitive verbs and allocation of marks:**

14.4.1 Facts   2 marks (or as indicated in the marking guidelines)

Explanation   1 mark (two mark will be allocated in Section C)

The 'fact' and 'explanation' are given separately in the marking guidelines to facilitate mark allocation.

14.4.2 If the number of facts required is not specified, the allocation of marks must be informed by the nature of the question and the maximum mark allocated in the marking guidelines.

14.5 ONE mark may be awarded for answers that are easy to recall, requires one word answers or is quoted directly from a scenario/case study. This applies to SECTIONS B and C in particular (where applicable).

15 **SECTION C**

15.1 The breakdown of the mark allocation for the essays is as follows:

Introduction	Maximum: 32

Layout/Structure	Is there an introduction, paragraphs and a conclusion?	2

Synthesis	Option 1: **Only relevant facts: 2 marks (No'-S')** Where a candidate answers 50% or more (two to four sub-questions) of the question with only relevant facts; no '-S' appears in the left margin. Award the maximum of TWO (2) marks for synthesis	2
	Option 2: **Some relevant facts: 1 mark (One '-S')** Where a candidate answers less than 50% (only one sub-question) of the question with only OR some relevant facts; one '-S' appears in the left margin. Award a maximum of ONE (1) mark for synthesis.	
	Option 3 **Some relevant facts: 1 mark (One '-S')** Where a candidate answers FOUR questions, but one sub-question of the questions with no relevant facts; one '-S' appears in the left margin. Award a maximum of ONE (1) mark for synthesis.	
	Option 4 **No relevant facts: 0 mark (Two '-S')** Where a candidate answers less than 50% (only one sub-question) of the questions with no relevant facts; two '-S' appears in the left margin. Award a ZERO mark synthesis.	
Originality	Is there evidence of one example in any TWO of the four sub-questions, not older than two (2) years, that is based on recent information, current trends and development?	2
	TOTAL FOR INSIGHT:	**8**
	TOTAL MARKS FOR FACTS:	**32**
	TOTAL MARKS FOR ESSAY (8 + 32)	**40**

NOTE: 1. **No marks will be awarded for contents repeated from the introduction and conclusion.**
2. **The candidate forfeits marks for layout if the words INTRODUCTION and CONCLUSION are not stated.**
3. **No marks will be allocated for layout, if the headings 'INTRODUCTION and CONCLUSION are not supported by an explanation.**

15.3   Indicate insight in the left-hand margin with a symbol e.g.('L, A, -S and/or O')

15.4 The breakdown of marks is indicated at the end of the suggested answer/ marking guidelines to each question.

15.5 Mark all relevant facts until the SUBMAX/MAX mark in a subsection has been attained. Write SUBMAX/MAX after maximum marks have been obtained, but continue reading for originality "O".

15.6 At the end of each essay, indicate the allocation of marks for facts and marks for insight as follows: (L – Layout, A – Analysis, S – Synthesis, O – Originality) as in the table below.

CONTENT	MARKS
Facts	32 (max)
L	2
A	2
S	2
O	2
TOTAL	40

15.7 When awarding marks for facts, take note of the sub-maxima indicated, especially if candidates do not make use of the same subheadings. Remember headings and sub-headings are encouraged and contribute to insight (structuring/logical flow/sequencing) and indicate clarity of thought. (See MARKS BREAKDOWN at the end of each question.)

15.8 If the candidate identifies/interprets the question INCORRECTLY, then he/she may still obtain marks for layout.

15.9 If a different approach is used by candidates, ensure that the answers are assessed according to the mark allocation/subheadings as indicated in the marking guideline.

15.10 15.10.1 Award TWO marks for complete sentences. Award ONE mark for phrases, incomplete sentences and vague answers.

15.10.2 With effect from November 2015, the TWO marks will not necessarily appear at the end of each completed sentence. The ticks (√) will be separated and indicated next to each fact, e.g. 'Product development is a growth strategy/ where businesses aim to introduce new products√ into existing markets.'√

This will be informed by the nature and context of the question, as well as the cognitive verb used.

15.11 With effect from November 2017, the maximum of TWO (2) marks for facts shown as headings in the memo, will not necessarily apply to each question. This would also depend on the nature of the question.
